I have her down to interview. Do you have pressure to hire her or just fairly consider.

Had we discussed before?

What is she looking for, intern for this summer? Is she looking accounting or finance if yes on intern?

Also, met a student from the school of the art institute who volunteers at Mexican national museum and said she knew of you and had seen pictures of you, whatever that means. She is hoping she can get a job there when she graduates instead of returning to Mexico City.
